

Welcome to **SCANDI OIL**

SCANDI Innovative Technology AB

office@scandi.com

Who we are

We are Swedish company with the office in Stockholm. The brand established in 2016 up until now has been continuously delivering highest quality products to customers all around Europe. It all started with an idea to build a brand that could compete on the market, providing excellent products at possibly lowest price. Reliable experts of oil industry combined their experience and knowledge to make it happen.

office@scandi.com

Where we are

Our main areas of activities are Eastern Europe and CIS. We sale our products through exclusive local partners in Poland, Ukraine and Kazakhstan. We supply our African customers with selected products.

Business development in other regions are rapidly growing.

“Only lubricants, nothing unnecessary”

The idea that was born in the beginning

From the very first day we focused on optimizing the entire production, distribution and marketing processes in order to minimize costs and provide the best quality for possibly lowest price. We are now proud to be offering such an outstanding price-quality ratio to our customers.

Products that will stand up to all the needs

We put a lot of efforts to select and deliver products that our customers will appreciate. Years of experience and the thankfulness of our current clients is a reward that we take pride in.

Quality tests

Laboratories in factories

As a first control check, our products are constantly tested during and after the production process to ensure their performance will always be on the highest level. All our blending plants are met the strictest ISO standards to ensure quality control.

Independent tests performed by OEL Check

We also test our lubricants with the help of independent oil-checking organization OEL Check, to prove the abilities of our products. These tests are also available for our customers as a service program we offer them.

The factories

All Scandi Oil products are manufactured in renowned European factories in Germany, Poland, Bulgaria and Ukraine. Everyday a crowd of experts is struggling to guarantee that the products will be the highest quality. We are also constantly developing the products to always stand up to the rising demand of the market.

Our products

We understand the complexity of customer demand. To cover all of the market needs, we have selected the best products of the following categories:

- Agricultural lubricants
- PCMO
- Industrial Oils
- CRT lubricants
- Greases

We also implemented a divide into two catalogues to create an accurate offer, to satisfy every client.

Premium Catalogue

Our improved quality products invented to fulfill the needs of the most demanding customers.

The best you can get.

Standard Catalogue

Our very standard set of quality products that we carefully selected in order to always offer fantastic performance.

Greases

Greases are our competitive advantage. One of the best European grease lubrication plant provides our customers with the highest quality products at the very affordable price.
